Please note that if payments are not made, your child will be withdrawn from the performance team. Payments will be posted to your Dance Studio Pro account. If you prefer to pay in full, please reach out to minimoversstudio@gmail.com

Additional dance materials, such as shoes and tights, may need to be purchased if not already owned. Information about any additional materials will be announced as soon as it is decided.

By registering for the performance team, you and your child are agreeing to a full year commitment to both Mini Movers Studio Class (separate registration required) and the Mini Movers Studio performance group.

While an educational experience, the performance group is not a class, it is a rehearsal time. The rehearsal will be focused on learning and cleaning choreography. This is why a student participating in the performance group must be enrolled in a Mini Movers Studio class. No exceptions.

Our performance group is non-competitive. We will perform at local events and venues throughout the year. Events are TBA. A conflict calendar will be sent out to families to fill out. I will do my best to schedule performances around these dates, but can not guarantee that a performance will not land on a conflict day. I appreciate your understanding.

Dance performance teams are a group creative sport. Just like any group sport such as softball, basketball etc., attendance is imperative to the success of the group as a whole. Please make every effort to ensure that your child is at each rehearsal and performance. An absence must be relayed to Jackie as soon as they are known to occur.

Dance performance participants are expected to practice choreography at home.

I am thrilled to be able to offer a Dance Performance Group to Mini Movers Studio students! A performance group allows a serious young dancer the opportunity to learn lifelong skills beyond dance such as time management, performance professionalism, collaborative teamwork and more!

Please reach out with any questions or concerns.
